

To resolve the issue faced in Mozilla firefox

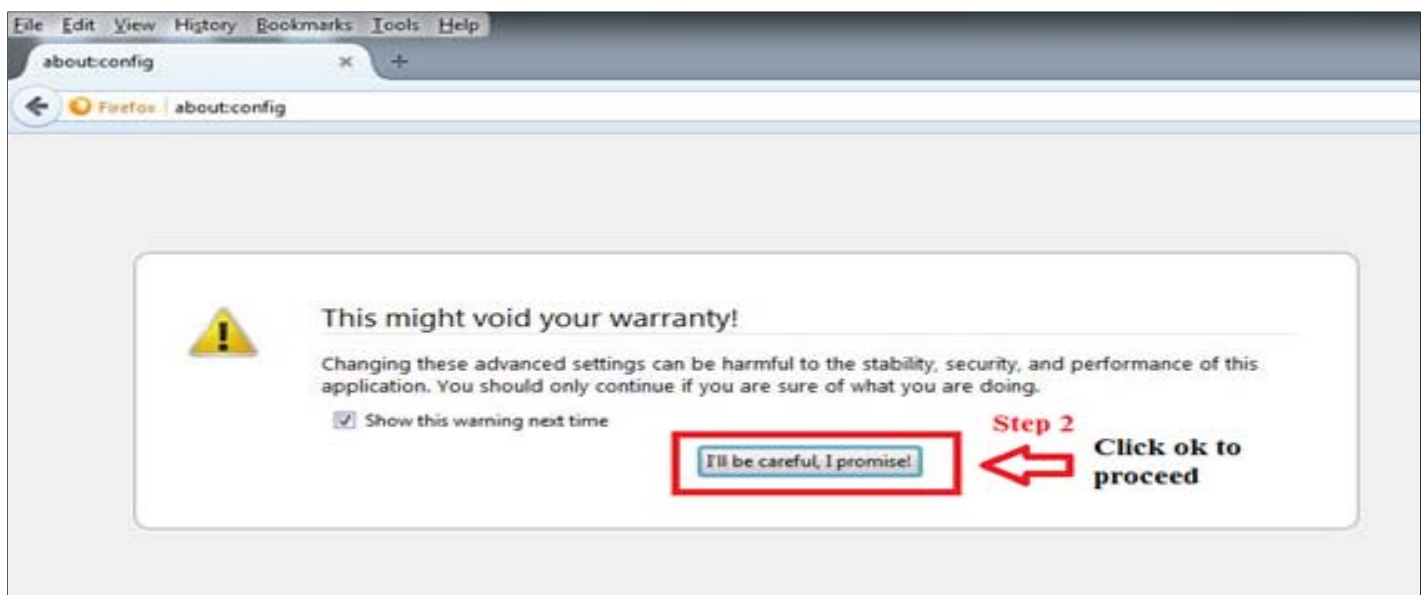

Step 1:

Open Mozilla Firefox and type in browser (**about:config**) and Enter

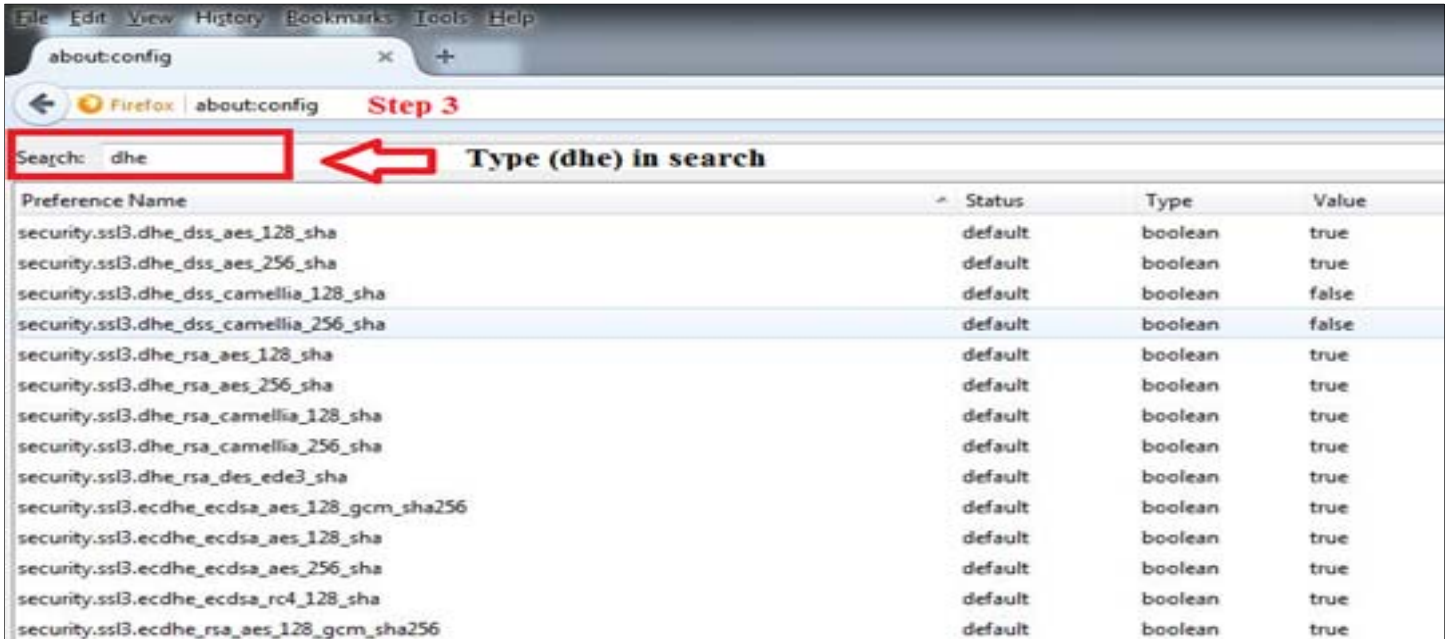

Step 2:

Click the button to proceed

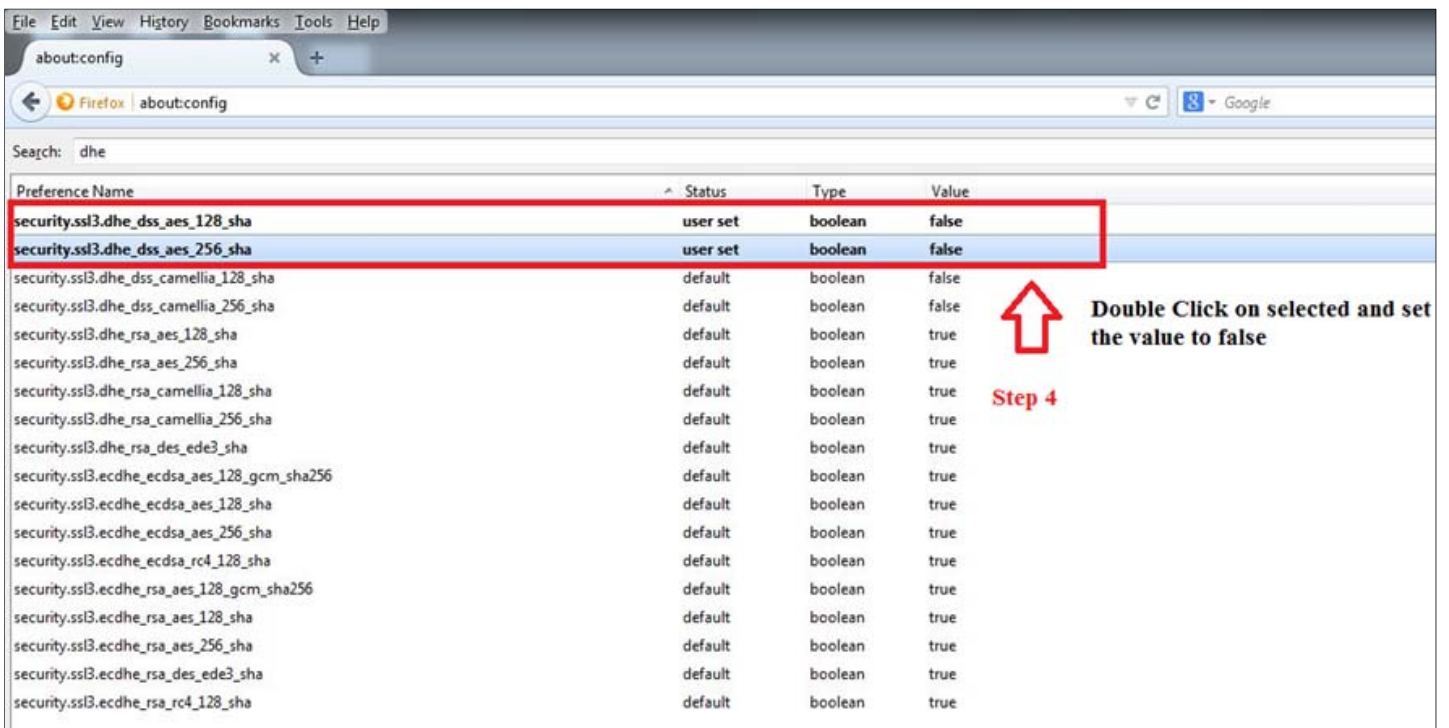

Step 3:

Type (dhe) in search

Step 4:

Double click on “security.ssl3.dhe_dss_aes_128_sha” and “security.ssl3.dhe_dss_aes_256_sha” set value to false

Step 5:

Clear the browser history cache and close the browser.

Step 6:

Now open the browser and proceed to apply in eDistricts and eForms
